# Welcome Address

---

Dear Friends and Colleagues,

We are delighted to announce the 17th Meeting of the Asian Cellular Therapy Organisation, taking place in Indonesia from August 27 to 29, 2026.

This important event will focus on cell and gene therapy with an Asian perspective, addressing key regulatory issues, topics such as MSCs and Exosomes, and country-specific reports that highlight the latest developments in this vital field across participating nations. The Asian region is marked by its genetic and cultural richness, alongside significant population dynamics, creating a unique environment for nuanced discussions.

Our organisation prides itself on inclusivity, fostering collaboration among diverse stakeholders to drive robust and sustainable advancements in cell and gene therapy. This in-person meeting will provide a valuable platform for collaboration across research, clinical, manufacturing, and regulatory realms. Attendees will have the opportunity to engage with leading experts and share insights that can shape the future of our industry.

We warmly invite you to consider our sponsorship packages, which are designed to enhance your visibility and engagement during the meeting. Your support will not only contribute to the success of this gathering but also to the growth of cell and gene therapy in our region. We look forward to your support for what promises to be an inspiring and impactful meeting.

Warm regards,  
**Prof. dr. Amin Subandrio, PhD, Sp.MK**  
President of ACTO 2026

# Opening Remarks

---

Distinguished colleagues,  
esteemed partners, and friends,

On behalf of the Asian Cellular Therapy Organization, it is my honor to welcome you to ACTO 2026, which will be held in Jakarta, Indonesia, from 27-29 August 2026.

Our theme this year, **“Advancing Research & Clinical Translation of Cell-Based Therapies: Science, Regulation & Industry Partnership”** reflects the critical balance between innovation, policy, and collaboration required to bring advanced therapies from the laboratory to clinical practice.

ACTO 2026 will bring together leading researchers, clinicians, regulators, and industry stakeholders to exchange knowledge, explore new partnerships, and strengthen networks that will shape the future of cellular therapy in Asia and beyond.

We warmly welcome your participation and support in this important event, and we look forward to building impactful collaborations together.

Warm Regards,  
**Prof. Akihiro Shimosaka, Ph.D**

Chairperson of Asian Cellular Therapy  
Organization (ACTO)

# Opening Remarks

---

Honored colleagues and fellow professionals,

On behalf of the Indonesian Stem Cell Association (ASPI), it is my great honor to welcome you to the 17th Annual Meeting of the Asian Cellular Therapy Organization (ACTO), held in collaboration with ASPI in Jakarta, Indonesia, from 27-29 August 2026.

ACTO 2026 brings together scientists, clinicians, regulators, and industry partners to advance the responsible development of cell-based therapies. As clinicians, we recognize that progress in this field requires not only scientific innovation, but also ethical practice, regulatory clarity, and strong clinical collaboration.

This meeting offers a valuable platform to exchange knowledge, strengthen partnerships, and support the safe and effective translation of cellular therapies into clinical practice. I warmly welcome your participation and hope this gathering will contribute to meaningful progress for patients in Indonesia, Asia, and beyond.

With warm regards,

**Dr. dr. Rahyussalim, Sp.OT(K)**

Chairperson of Indonesia Stem Cell Association  
(ASPI)

Esteemed colleagues and partners from across the region,

It is a great pleasure to welcome you to ACTO 2026, a forum dedicated to turning scientific advances in cell-based therapies into real clinical impact. This year's theme reminds us that discovery alone is not enough—progress depends on collaboration across academia, industry, communities, and policymakers.

From my experience in the stem cell field, meaningful innovation is guided by evidence, accountability, and patient needs. ACTO 2026 brings these perspectives together to encourage dialogue, alignment, and partnership.

I invite all participants to engage actively in the sessions and discussions, and to contribute to a shared vision that advances safe, accessible, and effective cellular therapies for patients.

**Dr. Cynthia Retna Sartika, M.Si**

Vice President ACTO 2026 & Vice Chairperson of ASPI
